Approved: 8/13/2019

In order to provide an optimum environment for using the AHPL, we ask that patrons:

- Use the vibrate mode while in the Library.
- Limit calls to the vicinity of the lobby or within a closed study room.
- Use reasonable tone when taking/making a call as not to disturb other patrons.
- Use of cell phones at the Library computer stations is prohibited.

Disregarding this policy, may result in asking a patron to leave the building until their call is finished.
